## Report on Continuous Internal Evaluation (CIE)

Our parent university i.e. University of Mumbai has revised the entire curriculum and evaluation system in the year 2016-17. Previously, the internal assessment has been given 40% weightage in the curriculum however, now it is restricted only for one course in first and second year of undergraduate programmes and 40% weightage for internal assessment is kept as it is for post graduate programmes i.e. M.A. and M.Com. M.Sc. in our college also from academic year for first year P.G NEP implemented.

The examination committee had taken into consideration the slots reserved for internal evaluation, prepared, and displayed the timetables well in advance. Internal evaluation was also done by in the UG programmes after the completion. However, owing to the continuation of the pandemic the University of Mumbai has changed its exam schedules from time to time.

Consequently, the college had to change its schedules including that of internal evaluation (CIE). During the year 2023-24, Continuous Internal Evaluation (CIE) is done in following forms. Assignments, Class tests and projects are accepted online and evaluated offline. Our College strictly adheres to the academic calendar while conducting continuous internal evaluations.

Under the Continuous Internal Evaluation (CIE), all the departments adopt various evaluation methods like online tests, mock tests, and assignments.

In spite of all the limitations, our institute evaluated the students by using various online platforms such as Google forms, Google Classrooms, Zoom app, and Google Meet app.

Various departments conducted Home Assignments, Viva-voce, and Research Projects for continuous evaluation of students.

Besides this, college teachers adopted innovative evaluation methods like Problem Solving, Participative learning, and Experiential learning to improve the academic performance.

Of the students. All these methods are useful and proved beneficial for the future academic career of the stakeholders.

Some teachers also conducted the online test exam by sending the links to the students of the other colleges.

During the year 2023-24, Continuous Internal Evaluation (CIE) is done in following forms.
